WIRELESS INTERNET ACCESS

For Enterprise, Small to Medium Businesses and Residential

***FREE
INSTALLATION**

Fast. Reliable. Affordable.

WIRUlink is a licensed Internet and Telephone service provider offering voice and data services to residential customers and businesses of every size. Our skilled engineers have built one of the most advanced wireless networks in South Africa. The network and all equipment is fully owned and managed by WIRUlink without making use of any third-party network, making WIRUlink fast, reliable and affordable.

No ADSL line required.
